

4.5. Iran Mining & Petroleum – International Conference and Exhibition Brussels, 29-30 November, Luxembourg, 1st December

Iran is going global and seeks new partners to develop its major infrastructure projects. Following the success of last year's "Showcase Iran" forum in London, this year's edition in Brussels on November 29-30 will focus on two strategic industries that are opening up and offering new opportunities to European companies: mining and petroleum.

- Meet key decision makers from both government and the private sector;
- Discover what project opportunities are available since the lifting of sanctions;
- Know the facts about Iranian mining and petroleum and opportunities for the provision of European technology and services.

The International Conference and Exhibition on Mining, Petroleum and Associated Industries in Iran "*Iran Mining and Petroleum*" takes place at the Bluepoint Conference Centre in Brussels on 29th and 30th November and in Luxemburg on December 1st, 2017.

Here are some pertinent details regarding the event:

- Iran Mining and Petroleum will partner European service providers in the field of oil, gas, petrochemicals and mining with their Iranian counterparts keen to source the latest technologies, boost productivity and share operational best practices.
- Participants from Iran include some of the biggest names in petroleum and mining including: IMIDRO, Petrochemical Commercial Company, Dana Energy, Pideco and OIEC. European companies will have the opportunity to present their technology directly to these companies and benefit from pre-scheduled B-2-B meetings. Targeted content will discuss the opportunities within the mining and petroleum industries in Iran, payments and transfers, export finance and mechanisms to mitigate and manage risk.
- Belgian companies and members of Flanders Investment and Trade, Agoria and the Federation of Belgian Chambers can benefit from an exclusively discounted registration fee of GBP 475 + VAT, as opposed to the standard registration fee of GBP 1,500 + VAT.

For further information, kindly refer to the dedicated event website: www.showcase-iran.com.
